

## Cumulative Index 1981-1983

### SYMPOSIA

---

#### 1981

<i>March</i>	TECHNOLOGY ASSESSMENT
<i>June</i>	PERINATAL DIAGNOSIS
<i>September</i>	THERAPEUTIC DRUG MONITORING
<i>December</i>	LABORATORY ASSESSMENT OF NUTRITIONAL STATUS

#### 1982

<i>March</i>	BLOOD BANKING AND HEMOTHERAPY
<i>June</i>	RESPIRATORY INFECTIONS
<i>September</i>	LABORATORY MEASUREMENTS IN MALIGNANT DISEASE
<i>December</i>	TEST SELECTION STRATEGIES

#### 1983

<i>March</i>	COMPUTERS IN THE CLINICAL LABORATORY
<i>June</i>	FORENSIC PATHOLOGY
<i>September</i>	LABORATORY MANAGEMENT
<i>December</i>	TISSUE IMMUNOPATHOLOGY

---

*Note:* The volume year is in *italic type*.

Page numbers of symposium and article titles are in **boldface type**.

- Accident(s), drug use and, 1983: June, 306, 379-380  
     hit-and-run, collection of evidence in, 1983: June, 357, 364
- Accident reports, 1983: Sept., 476
- Accuracy, in quality control studies, 1983: Sept., 548
- Acetaminophen, perinatal effects, 1981: June, 368  
     therapeutic monitoring of, 1981: Sept., 573-578  
     toxic effects, 1981: Sept., 575-577
- Acetylsalicylic acid, affect on inflammatory response, 1983: Dec., 706  
     therapeutic monitoring of, 1981: Sept., 567-573
- Acid(s), essential fatty, deficiency, 1981: Dec., 666  
     laboratory assessment of, 1981: Dec., 618, 665-672
- Acid-fast stain(s), in tuberculosis, 1982: June, 311-312
- Acidosis, fetal, monitoring of, 1981: June, 215-225
- Acrodermatitis enteropathica, zinc status and, 1981: Dec., 747
- Adult respiratory distress syndrome. See *Respiratory distress syndrome, adult.*
- Affective disorders, drug therapy for, 1981: Sept., 541-545
- Age, chlamydial respiratory infection and, 1982: June, 372-375
- Agglutination of red blood cells, 1982: March, 155-167
- Agglutination tests, in antigen detection, 1981: March, 55-56
- Albumin, as nutritional index, 1981: Dec., 770  
     dye-binding procedures, 1981: June, 333-336  
     erythrocyte agglutination and, 1982: March, 165-166  
     fluid therapy and, 1982: March, 50-52  
     in neonatal transfusion, 1981: June, 297  
     reserve, estimation of binding capacity, 1981: June, 329-343
- Alcohol, beverage, defined, 1983: June, 385-386  
     effect on CEA clearance, 1982: Sept., 459-467  
     ethyl, blood levels of, 1983: June, 383  
         in fire victims, 1983: June, 306  
         metabolism of, 1983: June, 388-389  
         poisoning by, 1983: June, 385-396  
         therapeutic monitoring of, 1981: Sept., 581-583  
     iron status and, 1981: Dec., 732  
     perinatal effect of, 1981: June, 368
- Alcohol intoxication, 1981: Sept., 581-582
- Alcoholism, laboratory diagnosis, 1981: Sept., 582
- Aldosteronism, primary, test selection in, 1982: Dec., 795-796
- Alkalemia, neonatal, 1981: June, 235
- Allergic reaction(s). See *Anaphylaxis.*
- Alloantibody(ies), detection, in autoimmune hemolytic anemia, 1982: March, 199-203  
     removal, by plasma exchange, 1982: March, 94-95
- Alloimmunization, in transfusion therapy, 1981: March, 70, 72
- Allograft, rejection, mechanisms of, 1983: Dec., 764-765
- Alpha-fetoprotein, in diagnosis of neural tube defects, 1981: June, 181-198  
     in germ cell tumors, 1982: Sept., 435-440
- Alpha-1,4-glucosidase deficiency, neonatal, 1981: June, 427
- American Association of Blood Banks, 1983: Sept., 448
- Aminoglycoside(s), toxic effects, 1981: Sept., 592-593
- Amitriptyline, therapeutic monitoring of, 1981: Sept., 541-544
- Ammunition. See also *Bullets; Cartridges.*  
     historical development of, 1983: June, 259-260, 274-277
- Amniocentesis, in diagnosis of neural tube defects, 1981: June, 188-192  
     in measurement of bilirubin levels, 1981: June, 323-324
- Amniotic fluid, alpha-fetoprotein levels in, defects and, neural tube defects and, 1981: June, 188-192  
     bilirubin levels in, 1981: June, 323-324  
     phospholipid levels in, respiratory distress syndrome and, 1981: June, 199-213
- ANA. See *Antinuclear antibody.*
- Anaerobe(s), isolation of, 1982: June, 297-298
- Anaerobic bacteria, in pleuropulmonary infection, 1982: June, 285-303
- Anaerobic culture, collection and handling of specimens for, 1983: Sept., 534
- Anaerobic systems, in respiratory infection, 1982: June, 298
- Anaphylaxis. See also *Inflammatory response.*  
     mediators of, 1983: Dec., 619-643
- Anaphylatoxin. See *Complement.*
- Anatomic pathology, computer information systems in, 1983: March, 133-147  
     laboratory, 1983: Sept., 477
- Anderson's disease, neonatal, 1981: June, 428
- Anemia, autoimmune hemolytic, neonatal, 1981: June, 258-259  
     transfusion in, 1982: March, 193-210  
     iron deficiency, laboratory evaluation of, 1982: Dec., 751-777  
     iron status and, 1981: Dec., 729-741

- Angiotensin converting enzyme, in endotoxin-induced lung injury, 1983: Dec., 731  
 subcellular sites of, 1983: Dec., 581-583
- Anisotropy, angular, in light scattering, 1981: March, 98-99
- Ankylosing spondylitis, HLA-B27 antigen and, 1982: March, 130-131
- Anthropometric measurement(s), in nutritional assessment, 1981: Dec., 606, 612-615
- Antibody(ies). See also *Immunoglobulin(s)*.  
 antiglobulin test and, 1982: March, 176, 186-191  
 blood group of, 1982: March, 79  
 cell destruction and, 1982: March, 211-219  
 detection, by laboratory techniques, 1983: Dec., 757-760  
   in *Pneumocystis* infection, 1982: June, 403-404  
 monoclonal, as reagents, 1981: March, 99-105  
 in autoimmune disorders, 1983: Dec., 759-760  
   in organ transplantation, 1983: Dec., 777
- Antibody marker(s), of connective tissue disease, 1983: Dec., 754-757  
 of endocrine disease, 1983: Dec., 750-753  
 of liver disease, 1983: Dec., 749-750  
 of muscular disease, 1983: Dec., 753  
 of skin disease, 1983: Dec., 753-754  
 thyroid disease, 1983: Dec., 750-752
- Antibody-mediated perinatal disease, 1981: June, 239-263
- Antibody screening, 1982: March, 112-113  
 in pretransfusion testing, 1982: March, 169-179, 181-192
- Anticoagulant(s), in blood storage, 1982: March, 4-6, 22-25
- Anti-D antigen, Rh immunization and, 1982: March, 111-113
- Antidiuretic hormone deficiency, neonatal, 1981: June, 414-416
- Antigen(s), blood group, in breast cancer, 1982: Sept., 545-546  
 carcinoembryonic, in breast cancer, 1982: Sept., 550-555. See also *Carcinoembryonic antigen*.  
 delayed hypersensitivity response and, in malnutrition, 1981: Dec., 633-638  
 detection, by immunologic technique, 1981: March, 49-65  
 erythrocyte, in autoimmune hemolytic anemia, 1982: March, 198-199  
 high incidence types, 1982: March, 145-146  
 HLA, 1982: March, 123-135  
   disease associations and, 1982: March, 130-132; 1983: Dec., 747-748
- Antigen(s) (*Continued*)  
 Kell type, in hemolytic disease of newborn, 1982: March, 111  
 low incidence types, 1982: March, 144-145  
 matching, in renal transplantation, 1982: March, 125-129  
 shared, 1982: March, 147-148  
 tumor-specific, in breast cancer, 1982: Sept., 544  
 viral cross-reactive, in breast cancer, 1982: Sept., 546-547
- Antiglobulin test, direct vs. indirect, 1982: March, 199-200  
 in crossmatch, 1982: March, 176, 186-191
- Antimicrobial agent(s), in anaerobic respiratory infection, 1982: June, 300-301  
 therapeutic monitoring of, 1981: Sept., 585-597  
 toxic effects, 1981: Sept., 587-595
- Antinuclear antibody test, fluorescent, in SLE, 1982: Dec., 881-884
- Antithrombin III, in cancer patients, 1982: Sept., 607  
 in hypertensive complications of pregnancy, 1982: Dec., 755-756
- Arachidonic acid, metabolic pathways of, 1983: Dec., 623-624, 698  
 metabolism, macrophage activation and, 1983: Dec., 677-694  
 metabolites. See also specific substances, as *Prostaglandin(s)*; *Leukotriene(s)*.  
 in endotoxin-induced lung injury, 1983: Dec., 724-729  
 in inflammatory response, 1983: Dec., 684-685  
 in neutrophil-mediated lung injury, 1983: Dec., 609-611
- ARDS. See *Respiratory distress syndrome, adult*.
- Ariboflavinosis, 1981: Dec., 688-690
- Arrhythmia(s), drug therapy for, 1981: Sept., 501-522, 523-533
- Arthritis. See also *Inflammatory disease(s)*.  
 prostaglandins and, 1983: Dec., 704-706  
 rheumatoid, antibody markers of, 1983: Dec., 754-757  
 arachidonate metabolites and, 1983: Dec., 685-689
- ARTHUR program, applications in test selection, 1982: Dec., 737, 741-742
- Arthus reaction, prostaglandins and, 1983: Dec., 706
- Ascorbic acid. See *Vitamin C*.
- Asphyxiation, in electrical deaths, 1983: June, 348  
 vs. sudden infant death, 1983: June, 338-342
- Aspiration, anaerobic infection and, 1982: June, 287

**Aspiration (Continued)**

- percutaneous lung, in respiratory infection, 1982: June, 278-279
- transtracheal, in anaerobic respiratory infection, 1982: June, 292-293
- in respiratory infection, 1982: June, 271-273

Aspirin. See *Acetylsalicylic acid*.

Assay(s). See under specific types.

Asthma, anaphylactic mediators and, 1983: Dec., 628

Audit control, of laboratory information system, 1983: March, 176

Autacoid(s), in anaphylaxis, 1983: Dec., 619-620

Autoantibody(ies), in autoimmune hemolytic anemia, 1982: March, 194-195

- removal, by plasma exchange, 1982: March, 92-94

- specificity, 1982: March, 203-205

Autoimmune disorder(s), associated HLA antigens and, 1983: Dec., 747-748

laboratory diagnosis of, 1983: Dec., 745-761

Autoimmune hemolytic anemia, transfusion in, 1982: March, 193-210

Autoimmunity, theories of development, 1983: Dec., 745-747

Automation. See *Computer information systems*.

Automobile(s), defective design, product liability and, 1983: June, 403

Autopsy, in electrical deaths, 1983: June, 348-349

- in explosion deaths, 1983: June, 317-318

- in fire deaths, 1983: June, 298-306

- in product liability deaths, 1983: June, 399-400

- toxicologic analysis in, 1983: June, 368-370, 392-395

Avidin-biotin complex method, in detection of autoantibodies, 1983: Dec., 758-759

B CELL(S). See *Lymphocyte(s)*.

Backups, for software, in laboratory information system, 1983: March, 171-172

Bacteria, anaerobic, in pleuropulmonary infection, 1982: June, 285-303

Bacterial colonization, laboratory diagnosis, 1981: Sept., 595-596

Ballistics, wounds, 1983: June, 260-261

BASIC, 1983: March, 4, 7. See also *Programming languages*.

Battered child, 1983: June, 321-342. See also *Child abuse*.

Bayes' theorem, 1982: Dec., 754

- in assessment of laboratory diagnostic technology, 1981: March, 11-12, 27-32

**Bayes' theorem (Continued)**

- in classification of data, 1982: Dec., 729
- in multiple testing, 1982: Dec., 875-876
- variations, 1982: Dec., 687-690

Benefit-risk analysis, in clinical decision making, 1981: March, 25-26

Betamethasone, intrauterine treatment, 1981: June, 363

3-Beta-ol-dehydrogenase deficiency, neonatal, 1981: June, 411

"Big-ticket" technology, assessment of, 1981: March, 7-8

Bilirubin, conjugated, measurement of, 1981: June, 324-325

- free, detection of, 1981: June, 329-343

- levels, in perinatal diagnosis, 1981: June, 269-272, 311-327

- metabolism, 1981: June, 311-313

- photodecomposition of, 1981: June, 364

- standards, 1981: June, 321-323

- total, measurement of, 1981: June, 315-324

Bilirubin encephalopathy, neonatal, exchange transfusion in, 1981: June, 271-272

Biodynamic models, in test selection, 1982: Dec., 701-715

Biomedical products, defective design, liability and, 1983: June, 403-404

Biopsy, lung, in *Pneumocystis* infection, 1982: June, 395-396

- open lung, in respiratory infection, 1982: June, 279-280

- transbronchial lung, in respiratory infection, 1982: June, 275-276

Blast. See *Bombing(s); Explosion(s)*.

Blood, alcohol levels, 1983: June, 386-395

- in fire victims, 1983: June, 306

- as evidence, collection of, 1983: June, 360-362

- cell(s). See *Erythrocyte(s)* or *Leukocyte(s)*.

- compatibility, in neonatal exchange transfusion, 1981: June, 276-277

- cultures, preanalytic factors in, 1983: Sept., 532

- drug levels, 1983: June, 369, 371, 380-383

- fetal scalp, sampling of, 1981: June, 215-225

- incompatibility, neonatal jaundice and, 1981: June, 314

- in electrical injury, 1983: June, 346

- platelet(s). See *Platelet(s)*.

- poisoning. See *Septicemia*.

- prenatal testing, for antibody, 1981: June, 252-253, 268

- reconstituted, in neonatal exchange transfusion, 1981: June, 277

- storage of, 1981: June, 275-276, 289

- transfusion, in neonate, 1981: June, 265-283

- Blood (Continued)**  
 whole. See *Whole blood*.
- Blood bank(ing), automated systems in,**  
 1983: March, 111-132  
 current technology, 1981: March, 67-76  
 inventory levels, 1982: March, 169-170  
 symposium on, 1982: March, 3-252
- Blood components, conservation, 1982:**  
 March, 69-72  
 in hemotherapy, 1982: March, 3-19  
 therapy, in neonatal intensive care, 1981:  
 June, 285-309
- transfusion, in cardiovascular surgery,**  
 1982: March, 75-82
- Blood donor, screening, 1982: March, 243-**  
 245  
 selection, 1982: March, 183-184  
 in autoimmune hemolytic anemia, 1982:  
 March, 205-207
- Blood gas(es), collection and handling of**  
 specimens for, 1983: Sept., 525
- Blood group(s), recent advances in, 1982:**  
 March, 137-154
- Blood group antibodies, 1982: March, 79.**  
 See also *Antibody(ies)*.
- Blood group antigen(s), in breast cancer,**  
 1982: Sept., 545-546
- Blood group loci, chromosomal linkage of,**  
 1982: March, 137-141
- Blood pressure, elevated. See Hypertension.**
- Blood products, federal regulation of, 1983:**  
 Sept., 444  
 inventory management, 1981: March, 67-  
 76  
 labeling, in automated blood bank, 1983:  
 March, 118-120, 123
- Bloodstain, typing of, 1983: June, 360-362**
- Blood storage, 1982: March, 4-6, 22-25**
- Blood transfusion. See Erythrocyte**  
*transfusion: Platelet transfusion;*  
*Transfusion.*
- Blood typing, in pretransfusion testing,**  
 1982: March, 169-179. See also *ABO*  
*compatibility; ABO system; ABO*  
*typing; HLA antibodies.*
- Blood volume, deficiency, fluid therapy in,**  
 1982: March, 55-56  
 in neonate, 1981: June, 364-365
- Blunt injury, in battered child, 1983: June,**  
 329-330
- Bombing(s). See also Explosion(s).**  
 explosive, injuries from, 1983: June, 304-  
 305  
 injuries from, 1983: June, 314-316
- Bone, fracture. See Fracture(s).**  
 resorption, prostaglandins and, 1983:  
 Dec., 703  
 tumors, hydroxyproline in, 1982: Sept.,  
 537
- Bone marrow, CK, activity in, 1982: Sept.,**  
 500
- Bradykinin, in endotoxin-induced lung**  
 injury, 1983: Dec., 730-731
- Brain injury, in battered child, 1983: June,**  
 333-334
- Brancher deficiency, neonatal, 1981: June,**  
 428
- Break-even analysis, in laboratory**  
 technology assessment, 1981: March,  
 44-45
- Breast, cancer, CK, activity in, 1982: Sept.,**  
 499  
 hydroxyproline in, 1982: Sept., 523-528  
 laboratory measurements in, assessment  
 of, 1982: Sept., 657-678  
 screening for, 1982: Sept., 646  
 tumor markers for, 1982: Sept., 543-  
 565
- Breast milk, drugs excreted in, 1981: June,**  
 367
- Bromocresol green, in albumin dye-binding,**  
 1981: June, 335
- Bromphenol blue, in albumin dye-binding,**  
 1981: June, 335
- Bromsulphalein test, hepatic function and,**  
 1982: Dec., 708-709
- Bronchoalveolar lavage (BAL), in respiratory**  
 infection, 1982: June, 276-277
- Bronchoscopy, in anaerobic respiratory**  
 infection, 1982: June, 293-294  
 in respiratory infection, 1982: June, 273-  
 275
- Bruise(s), patterned, in battered child, 1983:**  
 June, 328-329
- Bullet(s). See also Cartridge(s).**  
 kinetic energy of, 1983: June, 260-261  
 rifle, characteristics of, 1983: June, 261-  
 264  
 velocity of, effect on tissue injury, 1983:  
 June, 278
- Bullet wounds. See Firearm wounds.**
- Bupivacaine, perinatal effect of, 1981: June,**  
 368-369
- Burn(s), electrical, 1983: June, 344-346**  
 extent of, estimation of, 1983: June, 301  
 from explosions, 1983: June, 316  
 in battered child, 1983: June, 330-332  
 in bombing victims, 1983: June, 305  
 in fire victims, 1983: June, 300-303  
 inflammatory response in, 1983: Dec.,  
 801-815
- CAFFEINE, in pregnancy, 1981: June 362,**  
 372
- Calciferol. See Vitamin D.**
- Calcium, disorders, laboratory evaluation of,**  
 1982: Dec., 809-812  
 in neutrophil stimulation, 1983: Dec.,  
 781, 784-785

Calcium (*Continued*)

- levels, effect of drugs on, 1981: Dec., 657-658
- in neonate, 1981: June, 232-233
- metabolism, in neonate, 1981: June, 229-232
- Caliber, of firearm, 1983: June, 257-258
- effect on tissue injury, 1983: June, 282-283
- Campylobacter fetus* infection, neonatal, 1981: June, 355
- Cancer. See also under specific disease, as *Breast, cancer.*
- CK, activity in, 1982: Sept., 493-506
- collagen metabolites in, 1982: Sept., 519-542
- detection, by mass screening, 1982: Sept., 627-638
- by screening tests, 1982: Sept., 640
- enzymatic activity in, 1982: Sept., 479-491
- hemostatic abnormalities in, 1982: Sept., 599-625
- laboratory measurements in, symposium on, 1982: Sept., 431-678
- pancreatic, pancreas-specific antigen in, 1982: Sept., 567-578
- test selection in, 1982: Dec., 876-878
- polyamines in, 1982: Sept., 507-518
- preclinical, detection of, 1982: Sept., 653-654
- prostatic, test selection in, 1982: Dec., 692-695
- screening tests, assessment of, 1982: Sept., 657-678
- Cancer registry(ies), 1982: Sept., 633
